BOOKISH, SEASON 1

A ton of our favorite MASTERPIECE dramas are returning this January, including *All Creatures Great and Small* and *Miss Scarlet*, but I think I'm most excited for the new series **Bookish** from *Sherlock* creator Mark Gatiss. The show follows Gabriel Book (Mark Gatiss), an antiques bookseller who's in a lavender marriage with his best friend, Trottie (Polly Walker), who also sometimes helps Gabriel solve murder cases. With all these elements combined, it's as though Mark Gatiss has assembled the perfect series for himself to star in, which is demonstrated in each scene. *Bookish* is a clever, quintessential British mystery, and I've been recommending it to all my murder mystery fans since watching the first episode. Passport members are in luck because the whole season will be available to binge starting **Sunday, January 11**, on the night of its broadcast premiere. —Emma Casley, TV Programming Manager

Astrid, Season 5

Astrid, an autistic woman with a brilliant mind who works in the judicial police's library, helps Commander Raphaëlle solve the most complex cases. In French with English subtitles. Available exclusively with Passport starting on **Friday, January 2**.

All Creatures Great and Small on MASTERPIECE, Season 6

This season takes us back to the Yorkshire Dales, but things have changed for our beloved Skeldale gang. The whole season can be binged with Passport on **Sunday, January 11**, the night of its broadcast premiere.

Suddenly Royal

Hear the stories of everyday people from around the globe who marry into royalty, including Kate Middleton and royal families from Sweden, Norway and Denmark. Available exclusively with Passport starting on **Thursday, January 1**.

Hijos del Desierto (Sons of the Desert), 123-134

New episodes of this Spanish-language drama, which is set in 1930s northern Chile against a backdrop of political upheaval, comes to Passport **Thursday, January 1**, ahead of the broadcast premiere in February.
